Dedication . . . Mrs. Naomi Cordell

We, the Class of 1990, would like to express our most sincere thank you to Mrs. Naomi Cordell for making our last four years extremely special and memorable. She has an over-whelming amount of energy and enthusiasm which directly contributed to the success of the prom, fundraisers, and Powderpuff. Mrs. Cordell is not only a dedicated advisor, but a truly caring friend. When the Class of 1990 reminisces about the many memories we've shared, we'll remember how lucky we were to have had such an extremely supportive advisor.

Always there when you need her . . . Teaching with enthusiasm . . .

New Sensation

No matter what the public's view was, our class dared to be different. Though separate in our thoughts and ways, we were together in our spirit.

Over the years, generations have left a deep impression on society. They have created new events and even new beliefs. Our class has shown on numerous occasions that we wanted to leave an impression different from that left by past graduating classes. The Luau was our first step to making our class unique, daring for a change. Adding underclassmen photos and making different traditions is what we were striving to accomplish.

T. H. White, in "The Once and Future King," tells us that on his last evening, King Authur, with all but his final battle completed, sat in his tent and pondered his life's efforts to build a more just, more ideal world. Our battles at Attleboro High School are all but ended. We will soon venture into different directions. It is appropriate then, to reflect upon our collective past, what our experiences tell us about our future, and what we can dare to become. We are the new generation . . . the NEW SENSATION of the 90's.

Kari Corbett

Mike takes a moment for a serious thought.

Linda and Roopa get ready for their next sensational class.

Kevin, who's that peeking over your shoulder?

Tyler stops to give us a quick smile.

What are you up to???

Kim, Heather and Jen see who can give the biggest smile.

Rachel gets stopped once again for speeding.

Friendships

Middle school brought us close friendships and a bond that was never really forgotten. (Only let go when your so-called friends deserted you for a PRIVATE SCHOOL!) Your faithful friends ventured with you into that huge school walking side by side . . . (especially during lunchtime when there were no seats and you both walked together in the halls rather than face public embarrassment in B2!) Through the years friendships have been tested. Some "best friends" in freshman year have become acquaintances because we have grown and our interests have changed.

Senior year has finally arrived and we have one by one gone through the process of nostalgia. Our friends have supported us and stood by when there were problems. Although there have been times when the whole class has seemed at war . . . we have to look back and realize that it was our ultimate unity that made our high school years memorable. Our "AHS" years are coming to an end and we will probably be able to keep in touch with only a few of the "gang, clique, riff raff, or whatever the title may have been . . ." Even so, specific images and thoughts will always pop into our minds when we think of a special person. These friendships, which have made a deep impression in our memory, can only grow stronger with time and not one of our friends will be forgotten.

Kevin is swept off his feet by Noel.

Spending a day together.

The gang's all here.

Creatures of Habit

Isn't it cute?

CREATURES OF HABIT

We are all creatures of habits here at Attleboro High School. Every morning half of the school seems to find its way into B2 just to sit around and socialize. As we walk through B2 during the day, we all habitually stop and talk to our friends, even though we are already five minutes late for our next class. On Friday nights, we all make at least one trip to McDonald's not to eat but out of habit. The ritualistic pilgrimage to fast ball and basketball games is another of our favorite habits.

All of these habits gave us a feeling of friendship and togetherness. We will all remember the great experiences that we had, as "Creatures of Habit."

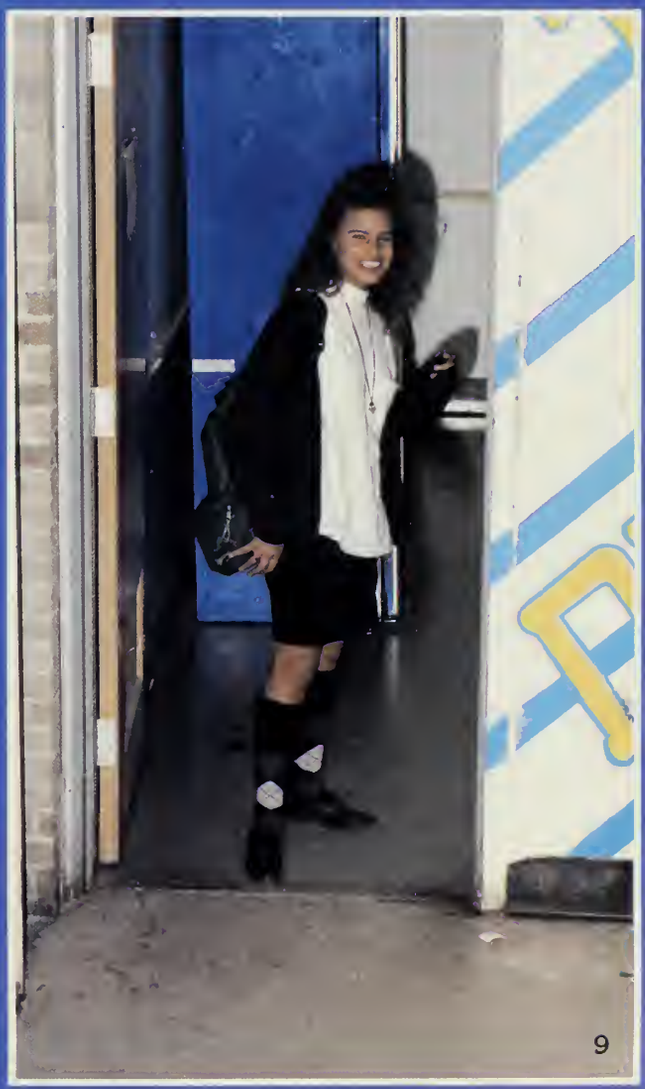
Wonder what Rich is dreaming about.

Hi, mom!

Lisa and Nicole are thankful for the weekend.

Tricia smiles even though she's late for class.

Groovy argyles, Mindy.



Senior Memories

It seems like just yesterday we were freshmen entering the High School. Now, seniors, all we have to look back on are the memories we have shared over the past four years (can you believe it, four years, . . . gone!) Although, I'm sure we all remember those great times, starting with the freshman social and ending with our last formal, . . . the senior prom, what a night that was, of course we could never forget our victory over the seniors in the 1988 powderpuff game. (Remember, they actually thought they had a chance.) But most of all, keep in mind those special times you spent with your friends, classmates, and teachers, those are the memories that will last forever!

Stacy Keim
Class of 1990

Class of 1990 show their strength over the class of '89 during powderpuff.

Yeah! Seniors!!!

Dale, Karyn, and Kellie show their pearly whites.

The devil made us do it.

Kim gets ready for her next class.

A night out on the town.

Heather and Gina are not afraid to show emotions.

Despite the many years, they're still strong friends.

Lunchtime

Lunchtime must be the high point of every student's day. It seems that everyone begins scrounging for food as early as first period. After four or five grueling periods, spent dreaming of potato puffs and ice cream, the bell sends us racing to the cafeteria. School seems to be forgotten and the battle to find a table and chair begins.

Everyone crowds around a table far too small to fit all of our friends and the latest gossip, along with weekend plans is the common topic. The cafeteria fills with sounds of laughter, cries of people begging for some change, and those crunchy chips . . . that your friend is chewing! What would lunch be without cramming for that massive test next period? All too soon we're forced out of the cafeteria in order to resume our studies. Not to worry though, the next day brings with it another exciting lunch!

Marnie Puchyr
Class of 1990

Andy and Pete are definitely not camera shy!

Bored, Jenn?

Chris, Noel, and Todd have hearty appetites.

Topping it all off.

Junior guys take time out of lunch to smile for the camera.

The final touch!

Lunch is where the gossip is.

Hey, I'm over here!

SENIOR DANCE

Senior Dance

December 2, 1989: This marked the first dance that only the Class of 1990 attended. For the first time, many of the seniors realized that this was their last year at A.H.S. Because of these two reasons, the Senior Dance was a very special event for all of us.

The Student Forum was majestically transformed into a Winter Wonderland covered with silver and white snowflakes and balloons. With the snow lightly dusting the ground outside and the semi-formal apparel inside, the tone was set for a memorable evening that will last in our minds forever.

JUNIOR PROM

"Puttin' on the Ritz"

The big event that the class of 1990 awaited in the month of April . . . THE JUNIOR PROM!!!

Deciding what color gown to wear and hoping your date's tux would match was only one of the many preparations to be completed. Trembling at the thought that the bouquet MOM ordered for you wouldn't match your date's dress and hoping your picture would come out just right was one more worry.

While waiting for your date to arrive you look in the mirror at least fifty times. The worry that the seating arrangement made with your friend is still in affect, draws your stomach to create butterflies! Oh ya, and the pictures your parents take, they seem to go camera happy!

All this is part of the fun we had at the Junior Prom. All the group pictures that were taken are an example of the class of 1990's friendships. It was a night to remember.

This group of friends gather for a picture.

The girls take a break from dancing to pos for the picture.

SOPHOMORE GATHERING

The Time of Our Lives

April 31st had to have been the biggest event of the year . . . THE SOPHOMORE GATHERING! It was our first semi-formal and first night to dress to impress everyone else. The girls were worried about how their hair would come out and if their dresses would fit the same as when they were first bought. The guys wanted to make sure they looked "awesome" for their dates and were ready to show off their parents new car. (As sophomores you have the luxury of a driver's license.) The talk around the school between friends was non-stop! (Who are you going with to the Gathering? Who should I go with?) Everyone was dismissed at 11:00 a.m. so they would have time to go out to eat and get themselves all decked up.

The theme song, dances, and bonds between friends, brought our class close together so that we could all share in one of the best "times of our lives"!

FRESHMAN SOCIAL
Bouquets, Bow Ties and Bomb Scares

It was that special night we had all been awaiting. Nervous as we were, friends and family helped us frantically get ready for our first "class" celebration. Little did we know that we would be stranded in the outer "pit" area caused by a bomb scare. A glamorous night interfered by fire engines and squad cars. As a class we made the best of what we had and enjoyed the evening by dancing the night away.

Superior Seniors

During our four years at Attleboro High School we have strived for our careers and achieved our pinacle. We have grown as individuals; discovering ourselves, what we are and what we'd like to accomplish for our future. Most of all we have established the unity of the class of 1990, the most spirited class in A.H.S. Attleboro High School has been a good foundation to build a successful future upon, show them what you've got! It is here at A.H.S. where we have made friendships that will last for a lifetime. It is time to move on into different directions, but memories last forever. Good luck!

Jazzy Juniors

This year the Junior class has made many happy memories. Winning the mural contest for the second year in a row, spirit week, Powder Puff, and our first prom are just a few of them. We really united this year, not only as a council, but as a class.

I would like to thank our advisors, Mrs. Casey, Mr. Jutras, and Mr. Watterson for all their help and understanding. They were always there for us when we needed them. Good luck to the class of 1991 in our senior year and in the future.

Superb Sophomores

As President of the sophomore class of 1992, I feel this year has gone very well. One of our first accomplishments was our fundraiser. The more items each person sold the greater the discount on their class rings. The Sophomore Gathering went very well, class officers and representatives came after school every Monday to give their suggestions on how to make it a success. This has been a good year for the the class of 1992 and I'm sure it will continue in years to come. I'd also like to thank Mike Ouelette for not helping one bit on this speech!

Friendly Freshmen

The Class of '93 has had a great freshman year. We may have looked lost at the beginning of the year, like the first pep rally, but we slowly and carefully analyzed those sensational seniors, and in time we were on track.

The freshman football team was evidence that the Class of '93 will not be afraid to show off their athletic talent. That statement is true also for the basketball and baseball teams. We have many promising future AHS athletes and scholars. We also showed our school spirit through the band and chorus.

The freshman council contains many responsible and friendly people. We worked well together to make the events and projects of the year a great success. I must give thanks from the freshman council to our class advisors. Thanks for helping us when we needed it.

If I had to sum the year up I'd say it was a lot of fun. If this year is any indication of the rest of our stay at AHS, then the next three years will be fantastic.

Students Representing Students

Student Council members rushed into the gym with energy and enthusiasm as we welcomed freshmen with our first ever "Freshman Fair." A new year had begun and we were all anxious and very optimistic. Within a few weeks, our new Student's Reception was held. Council members were given the opportunity to meet students from all over the United States, as well as all of the foreign exchange students.

The holiday season began to approach and Student Council members could be found selling and delivering candy-grams, buying gifts for our "Adopt a Family", and collecting at the "Music of the Season" assembly. Council's efforts to help out two families during the holiday season were quite a success as faculty and students donated time, money, canned goods, and turkeys to our charity drive. With the help of all, Student Council members were able to use their energy, enthusiasm, and dedication to truly help someone else. IT WAS WONDERFUL!

The spring season is slowly yet cheerfully approaching and seniors (especially on council) all have a bad case of senioritis. But with the youth and elderly conference, as well as our spring spirit week coming up, who has time to slack off?? As Student Council promises to work as a team and listen to the wishes of the student body, we know that the second half of the year is bound to be better than the first!

Focusing on the Future

Attleboro Vocational Industrial Clubs of America

VICA started in 1985. The main purpose of our Vocational Industrial Clubs of America is to compete against other schools and hopefully other states in respective areas of trade and health occupation. Attleboro Vocational Tech. has always sent students to the district competitions, gaining 3 golds, 2 silvers, and 2 bronze medals. In the state competition area we've received 2 golds, 2 silvers, and 1 bronze medal. VICA is a club for ALL vocational students if they are willing.

What Do I Do When I'm With a Friend Who Drinks and Tries To Drive?

Your friend will probably feel that he or she can drive with no problem. Alcohol sometimes causes a dangerous feeling of having more power or control than usual.

So don't be fooled by what your friend says about being able to drive. It may seem easier to go along, but both your safety and your friend's safety are at stake.

Take the wheel yourself. Or wait out the hours it takes until the alcohol leaves your friend's body. Take the car keys, if you have to.

If nothing works and your friend insists on driving, don't go along for the ride. Get a ride with someone else. Or call another friend who is sober, or someone in your family. Take a cab. There's always another way to get where you're going.

Riding with a drinking driver isn't loyal or daring. It's just plain dangerous.

How Dangerous Is Drinking and Driving, Really?

Drinking-and-driving accidents are the number one killer of teenagers in the United States. Thousands died last year, thousands will die this year. It can happen to your friends. It could even happen to you.

While it's true that nobody can ever be totally safe from drinking drivers, smart teenagers do three things:

- They always say "no" to alcohol.
- They refuse to ride in a car with a drinking driver.
- They drive defensively—always alert for other drivers on the road who may be drunk or impaired by alcohol.

MATH TEAM

Making Math Memorable

The Attleboro High School Math Team participates in three leagues: New England Mathematics League, Southeastern Massachusetts Math League, and Southeastern Massachusetts Conference. The math team is a highly competitive, intellectually stimulating, interscholastic problem solving organization. Students participate in three of the five rounds in the following areas; Arithmetic, Algebra I, Geometry, Algebra II, and Analytic Trigonometry. The members of the team are reverently dedicated to calculating solutions to challenging problems. The 25 participants range from grades nine to twelve, and take courses ranging from Geometry to Calculus.

WELCOME FRIENDS
BIENVENIDO AMIGOS
WILLKOMMEN FREUNDE

Hi! My name is Raul and I am from Spain. I'm spending the 89-90 school year in Attleboro with the Thornes and I'm having a very good time. Here at Attleboro High everything is fine, even the teachers! Now, during the winter season, I am participating on the gymnastics team. The people are great and I really enjoy it. I want to say thanks to all the people at AHS who are making my stay in the United States a happy one.

Raul Berganza

Hi! How are you doing? My name is Matthias Kulcke (or just "Matt") and I'm an exchange student from West Germany. I just wanted to say "thanks" to everyone who made my stay a good experience. I was really surprised by the kindness and openness of the people I met here. Thanks Attleboro High School!!

Matthias Kulcke

The year that I've spent in America has been the most interesting year of my life. I've learned a lot about American culture and lifestyle. The things that surprised me about U.S.A. are eating out regularly, cheerleaders, pep rallies, and the out-going qualities of the people. The highlights of my stay have been the 4 days that I spent in Florida and the week in Washington D.C, with the "Close-Up" program.

What do I think about America? The idea of being an exchange student came to me six years ago. Fascination and excitement was connected with this thought. Now I have been spending time here for four months and I still can't find all these spirits in the Attleboro city, but I can feel them at Attleboro High. This school is really wonderful. To satisfy a normal human habit, going to the bathroom, you have to go through a paper war and spend 15 minutes before they open the door to all solutions. Think what could happen in the meantime! I like the variety of activities, but they are so tough compared to an army sports camp. I think that the school definitely starts 30 minutes too early and ends 50 minutes too late, but there is also too much homework! By the way, these are my main problems. America itself is the most violent country that I know. I used the Boston subway at midnight and what I say now . . .: "Yeah, again please!" (ironic German humor) As much as I like the U.S.A. I would have liked to be home during the last two months. I missed the biggest party of the world this year in Berlin. Too bad, but I sell real pieces of the Berlin Wall for $15. Trust me, come and buy!

Mike Moos

Hi! My name is Almudena and I'm an exchange student from Spain. I just want to thank you all for making me feel comfortable during my stay here. You are all very friendly and kind. I am having a lot of fun. Everything is so different from Europe and it made me a little scared on the first day at school. Now I'm like at home. I will never forget AHS!

SUPA

In its first year at AHS, the Substance Use Peer Assistance program, or SUPA, recruited and trained 45 students to serve as peer assistants. Training focused on the issues of peer pressure, value clarification, decision making, and problem-solving as they apply to substance use and the related problems that students face. The peer assistants, who signed a contract agreeing to remain drug-free, developed a drop-in center where students can receive resource information, referrals and/or peer support. They helped to present awareness hours for the entire school population, and made presentations to younger students on substance use issues.

CROSS COUNTRY

Head for the Hills

This season our Cross Country team was led by our new head coach, Sean McCracken. It is a difficult task to fill the respectable footsteps that Coach Newman has previously set, but Coach McCracken still led us to success with further assistance from Coach Newman and the team.

Cross Country is a sport of mental strategy and willpower, which creates a unique attitude missing in other sports. This mental confidence helps develop us into successful people and pushes us to our highest potential. The small size of the team brings a family feeling in which we are supportive of one another and perform our best for a total team success. Cross Country is a one of a kind sport and a once in a lifetime experience which won't just fade away after high school, but will affect us for years to come.

Field Hockey

Sticking With it

In many ways, the 1989-1990 Field Hockey team was successful. All of the hard work from the past three years paid off because the majority of this year's varsity team was seniors. Every player possessed enthusiasm, dedication and a whole lot of heart on and off the field. It was these qualities and a total team effort that carried the team to a long awaited first victory on October 9th. The season only got better from that point on! We also had a bunch of laughs, which only made the season even brighter.

We would like to thank our coaches, Sue Crumbaker and Jeanne Lapierre, for all their time and patience. To all the underclassmen on the team, we wish you the best of luck and success next year on your new field.

Football

Ups and Downs

Quitters never win and winners never quit. The '89 football team was a team with a lot of character. After coming off a dismal 0-10 season a year ago the players and coaches wanted a change. During the summer Coach Dale Caparaso started a weight lifting program that helped the team begin preparing for the '89 campaign.

A.H.S. first football camp was a great success. With a lot of determination and hard work it was an exciting week. The summer camp gave a positive outlook for the upcoming season. With a tremendous amount of pride, the Attleboro Football Team compiled a 1-8-1 season.

We would like to acknowledge the student body, and most of all, our parents for all the support during the good and bad times throughout our season. To the coaches and players for 1990; make it a successful season and bring home the "HILDA!"

SOCCER

Kicking for Success

The past four years have been filled with hard work and determination for the seniors on the Attleboro Soccer team. Through both victories and defeats, soccer has taught us a great deal. Now we look upon our final season with hope and anticipation. With the loss of our varsity coach we have had to adapt to both a new coach and a new soccer field. Slowly we learned the strategies and matured. Now playing as a team for our last time, we feel we have great chances for a winning season.

Life in the Fast Lane

"The TEAM"

The "TEAM" is a special relationship made up of the past, present and the future. The combination of these with dedication and dreams make the present a success. With this idea we have managed to achieve our goals. We did it with hard work and never settling for second best.

We've seen what has been in the past, and it has helped us set our dreams. Each year a new pinnacle is reached, only to be surpassed by those who strive. We have established a new high in Attleboro Girls Swimming. We hope that we will be overshadowed by those who follow. Thank you to Victor Bonniville who has shown us the way and good luck in the future.

VOLLEYBALL

Set on Improvement

This year's volleyball team has been displaying the most spirit ever. The team has 22 players, 3 of them which are seniors. Our team has sown tremendous talent and a promise for the states competition. We appreciate all of the enthusiasm and hard work from every player. Through all of our intense practices, we have become more than just a team. We have become a family.

The Seniors will miss the team and all of the great times we have shared. A special thanks to the expert advice from coaches Bill Riley and Sandie Kile.

Good luck in the future seasons to come!

This year's Varsity Football Squad got off to a great start. We practiced long hard hours to prepare ourselves for camp. Our efforts proved to be successful after winning the "Dance and Sideline Champion" trophies along with many "Blue Superior" ribbons and a "Spirit Stick" each evening. Toward mid-season we suffered from the loss of our coach, Ellie Boss. We now had to work harder under the new coach, Donna Turner. We'd like to thank the cheerleading squad for a great season and to wish the captains of next year good luck.

The 1989-90 Basketball-Cheerleading season was indeed a fun and successful one. We all worked hard as a team to get things done on time. Every girl on the squad should be proud of the accomplishments made, because they all gave 100% in everything they did. We were able to promote school spirit with the help of the parents and students responding to our cheers. We appreciate all the support that was given to us throughout the season. I would like to thank our coach, Mrs. Turner, for letting us enjoy our duty as cheerleaders, for being fair, great support, and a wonderful friend, but most of all, for being a terrific coach. I would also like to wish the girls the best of luck in the next seasons to come. I'm sure they will be successful ones.

Boys Basketball

Beating the Odds

The 1989-90 Boy's Basketball team has brought many exciting and emotional moments throughout the season. The enthusiasm from the team and student body has been excellent this season. The addition of the pep band has really brought the spirit of the crowds up. Bomber pride has really shown this year as we got off to a great 7-1 standing record. We are looking forward to keeping the momentum going and to bring us to the State Tournament for the fifth consecutive year. We would like to thank Mr. Sherman, parents, and especially the support from the student body for a great year!!

Girls Gymnastics

Reaching for the Stars

The 1989-90 Gymnastics team consisted of a group of talented girls. We worked together as a team to be as successful as we were last year. We'd like to thank the girls for all their effort and support that made our team a success. As captains, we'd like to thank the girls for making our senior year one of the best. We had a new assistant coach, Julie Wade, who was a great influence and showed a lot of enthusiasm. Last, we'd like to thank Mr. Martin for all his support and caring. Without his coaching we would have never made it this far. We'd like to wish the future captains and the team all the luck and success we've had through the years.

Boy's Swimming

Coming to the Surface

The hard work and dedication that our team displayed this year was essential for our success. The enhancement of weight training, playing ball (a type of volleyball in the water), and exercise before practice increased our chances of a winning season. Coach Bonneville has us work, often to the point of exhaustion, for two to three hours a day. We had fun at practice but when a meet rolled around everyone got serious. Our record showed that both veterans and rookies gave 100% to reach their goals. We would like to thank Coach Bonneville for all the time and dedication that he gave us in an effort to help us win.

Winter Track

A Step in the Right Direction

The 1989-90 Winter Track season was made up of new hopes, attitudes and memories. The team depended on many underclassmen for depth in order to win meets. Although this is an individual type of sport, the team stuck together in spirits and determinations to be a success. Everyone's efforts were combined to do the best we could. The seniors leave with a lot of great memories of the season and great thanks to Coach McCracken and Coach Payette. We wish the best of luck to the coaches and athletes of the future and hope that you find track as special as we have.

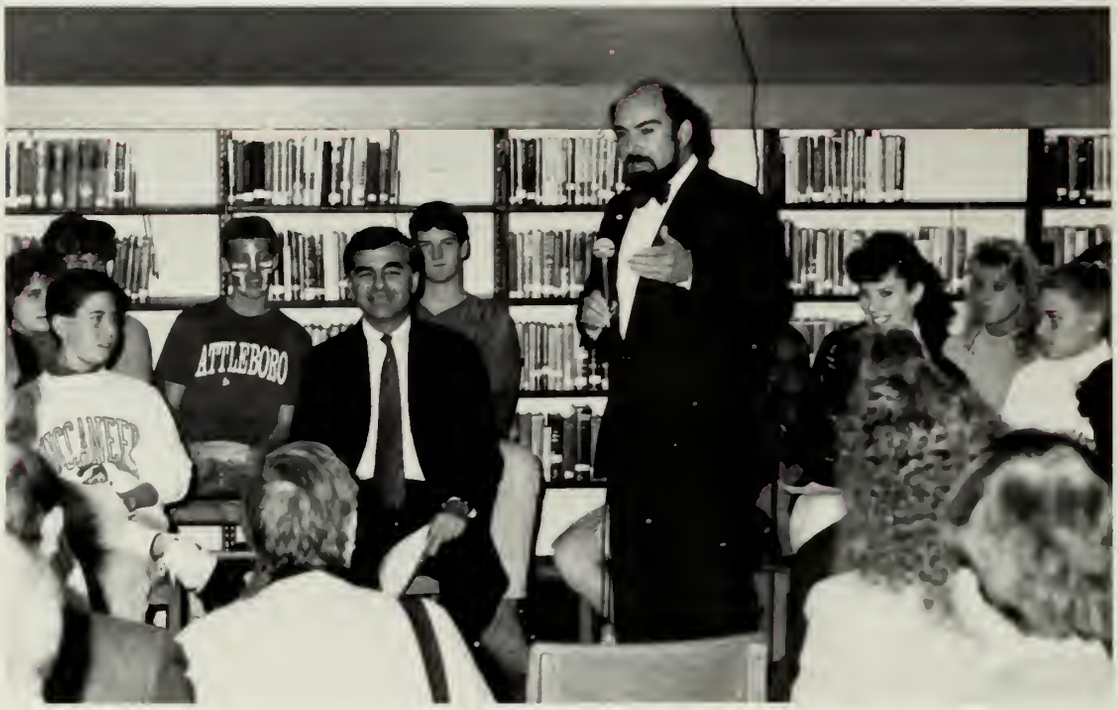
In Memory of Sara Burns

Sara Burns was someone none of us will ever forget. She touched the lives of everyone she met, always willing to show a smile. Her spirit inspired us all. She had never-ending desire, ambition, and courage. We could all learn something from her. Her memory will live in the hearts of many forever.



ATTLEBORO

Faculty

New Sensation

TO THE CLASS OF 1990:

My heartfelt congratulations and best wishes to all of you members of the Class of 1990 as you undertake new responsibilities through employment, post-secondary study, or military service.

This yearbook represents a collective snapshot of your educational life and times and the valuable friendships and associations which become so much a part of every one of us. Compressed within its two-dimensional surfaces you have a legacy of memories that will only increase in value and importance as time goes on.

It is my hope that this year will be just one of many high points in a life filled with happiness and success for each of you.

Best of luck!

Christine St. Pierre,
Secretary

Dear Class of 1990,

The time has finally come, you have received your yearbooks and graduation day is only a few days ahead.

As you leave Attleboro High School we hope that you take with you your newly acquired skills, a much broader knowledge base, a feeling of pride in your school and community, and many fond memories and friendships that you will cherish for the rest of your life.

On behalf of the entire staff I wish you success in either furthering your education on entering the field of work. In case of any need in the future, the staff of Attleboro High School is eager and willing to assist you.

Most sincerely,

Robert H. Bray

ART

Painting a Bright Future

The Department of Art provides a variety of courses, designed to meet the interests and educational needs for all high school students. Introductory Art is reserved for Freshman students that have been demonstrated by master visual artists of the past and present. Studio Art I and II is a two-year sequence, available to Sophomore through Senior students. Investigating the compositional and expressive possibilities of a rich variety of art studio media. Studio Art students apply visual perception and thinking skills to problems assigned by artist teachers who emphasize the importance of original ideas and styles as expression in art. Highly motivated Junior and Senior art students elect honors-level Advanced Placement Studio Art courses that challenge creative problem-solving and art-making abilities equivalent to those utilized in introductory college art classes. Attleboro High School Seniors who are interested in Art History may elect Senior Fine Arts, a course that exposes the student to the distinctive forms and styles of world cultures, past and present. Student investigations of these world art cultures include library and research reporting assignments with art studio projects.

COMMERCIAL DESIGN

Designing Our Dreams

Denise and Kelley discuss a class project together.

Commercial Design is a 17.5 credit course in which students can utilize creative abilities and talents to complete their art assignments. These assignments are in compliance with the Commercial Design objectives, hence the title of the class. These objectives are to design graphic images, make mechanical lay-outs, solve basic problems, comprehend other graphic communication skills, and yet be creative at the same time!

CULINARY

The Right Recipe for Success

Our three years in Culinary Arts have been a rewarding experience. We've learned the techniques of the trade to prepare us for our future careers in this field. Our learning has not been only in cooking, but also in pastry arts and restaurant preparation/food service. Hands-on training and the theory of food were also included in our studies. We'd like to thank the culinary staff for their help in the years we have shared.

ENGLISH

Establishing an Identity Through

The English department takes the lead in high technology by expanding its computer center to include not only Zenith, but Macintosh microcomputers as well. The computer room is offered to English students of all levels. Vocabulary and grammar are still part of the curriculum, but along with mastering English skills as taught in the past, students are able to learn the functions of the computers also. The students are taught to write, proofread, check spelling, and print out essays and reports while having fun doing it! Most importantly, the students gain valuable familiarity with computers that are playing an increasing role in our world.

FOREIGN LANGUAGE AND BILINGUAL STUDIES

Combining Key Cultures

Mr. Maurice Camire — Department Head

DEPARTMENT OF FOREIGN LANGUAGES AND BILINGUAL STUDIES

The Department of Foreign Languages and Bilingual Studies offers to the students of Attleboro High School the opportunity to study four modern languages — French, German, Portuguese and Spanish — and one classical language, Latin. More than one-third of the student body participates in at least one of the foreign languages every year.

The bilingual component of the department offers a myriad of courses to those students whose native language is other than English. These foreign-born students and several exchange students often serve as a cultural resource for our curriculum.

Each year the department sponsors an International Food Fair and several field trips which complement the students' course work.

Mrs. Chauvin tries to advise what ink to put in the printer.

I chose this course as a ninth grade student because of the interesting technology it entailed. Now, after four years of learning about this study, I have found that it offers me a rewarding career as well. After high school, I hope to further my work in owning a co-owning a business with another graphic arts student. Graphic Arts is a shop with a good future if you are interested in printing, computers, and camera work. It is a field that is greatly advancing by the minute, to produce printed copies more efficiently and with better quality.

MACHINE DRAFTING

Drawing Machines of the '90's

Michael Conroy-Most Likely to Succeed

Drafting is the backbone to machines and buildings in the world today. This class teaches you the ways of most industries to train you for your career in this field. The AutoCad system is also taught, for it is becoming the number one way to draft in this area of business today. I truly recommend this course to any up and coming engineers in preparation for college.

MATHEMATICS

Never-Ending Numbers

The Mathematics department offers the Attleboro High School students a wide range of courses. The department's offerings include computer programming as well as general math, college preparatory, honors level and advanced placement courses. The computer electives range from introductory level to advanced placement using Apple, Macintosh and Digital computers.

The whole student forum is invited to compete in several math and computer contests throughout the year. The department also has a mathematical team which competes in three different leagues.

A minimum of two years of mathematics is required for graduation.

NURSES

Nursing the School to Good Health

Barbara O'Kefeefe reviews the files.

The Health office is one of the busiest places in the high school. Students are seen for a variety of complaints and sometimes just for a "safe haven." The nursing staff takes care of the emergencies such as cuts, burns, and a multitude of other injuries. When necessary, students are referred to outside agencies when a crisis arises. The staff always looks forward to establishing new friends each year. To the senior class, our sincere best wishes.

RESOURCE CENTER
Aiding Students with Information

Students attentively do their research assignments.

The Resource Center is an extensive, relaxed area that almost every student uses at least once in his high school career. It contains reference materials such as various magazines, biographies, and novels for every subject taught in the school plus many other books for leisure reading. The Resource Center also contains a career awareness computer system to give students an opportunity to explore different career fields. The Resource Center is based on a fast and easy card catalog system and Mrs. Nerney, the school librarian, is always ready and willing to help in finding your materials. Photocopying equipment is also available for the student's use. Whether you are writing a book report, an essay, a term paper, or simply looking for an interesting book for reading, the Resource Center is an organized way to help all of your needs.

SCIENCE

Elements of the Future

Through a diverse selection of course in Earth Science, Biology, Chemistry, and Physics, students are introduced to basic scientific concepts and skills. The approach used to discover and study these concepts are varied and include classroom presentation, discussion, demonstration, laboratory experience, and computer simulations. Students are given the opportunity to participate in independent science projects and are encouraged to become involved in a variety of science programs offered locally and throughout the nation. Through their science studies, students should be better prepared to participate in a world of rapidly developing and changing technology.

Helpful Hints for History

Toby Bodreau is excited to be in U.S. History!

Ira Rice — Department Head

The Social Studies Department continues to strive toward making our students more aware of the world in which we live. Emphasis is placed both on the history of the world and on the history of the United States as well as those life skills which will allow our students to exercise their rights and responsibilities as citizens in this ever changing world. Our students should expect to further their knowledge of the environment and to gain a perspective on the future. Teaching methods in the department consist of a variety of techniques including: inquiry, lectures, discussions, audio visual materials, guest speakers, role playing, simulations, and field trips.

SPECIAL NEEDS

Classes With a Special Touch

The Special Needs department provides services to students who have been identified through an evaluation process to have a need for special education programs. These programs, detailed on an Individualized Educational Plan (IEP), are comprised of, but not limited to: academic instruction, vocational training, counseling, adaptive physical education, job placement, special transportation, and speech therapy. For students who require a smaller school environment an alternative high school program is offered at Briggs Corner.

TECHNICAL DRAWING AND ARCHITECTURAL DESIGN

Drawing Out the Future

Technical Drawing helps one to understand and communicate ideas by using basic concepts learned about the universal language of drawing. This class teaches students to look at objects from different points of view, and to create accurate and precise representations of the objects on paper. It is said that the best way to learn is through direct observation; rather than being assigned a book to read and told to study, Mr. Messier helps his students to understand particular problems through actual drawing, letting them learn at their own pace. Both technical and architectural drawings are beneficial to students interested in related fields, either for basic or professional use.

Kevin S. Raming

Michael Treen shows his enthusiasm for tech drawing.

TEEN PARENTING

Tending to the Tots

Pat enjoys tending to the children.

The Teen Parenting Program enables high school parents to finish their education while their children are taken care of in a safe and stimulating environment by a professional staff. In addition to caring for the children, the staff helps educate the parents on the basic care and raising of their child. While in school, the parents are able to spend quality time with their children during lunch and study periods.

Erin McGinn reads a silly story to the children.

Left to right: Patti Gambao, Heather Sheehan, Arlene Dupreron, Joyce Slater, Donna Oulette, Mary Korman.

There is a wide variety of toys for the children to play with, but she likes the dolls the best.

Tutoring

Help when you need it

Tutoring is where students who need extra help with their class work can receive it. The tutors of Attleboro High School are all dedicated, hard-working teachers who have an important job. All of their students appreciate the time and energy their tutors put into helping them understand their schoolwork. For this hard work all of our tutors deserve a special thank you!!

Vocational Skills

The Vocational Skills Development Center provides tutorial support to vocational and special needs students. The department evaluates occupational vocational interests and aptitudes, provides pre-vocational experiences, develops work and study habits conducive to vocational programs and provides vocational skill development to the occupational student. Methods of teaching include individual attention, programmed exercises and commercial lessons. The center provides its services to all shop areas and emphasizes the improvement of comprehension and function knowledge of the vocational material.

Vocational Advisory Committee

Advisory Committees are required by the General Laws of Massachusetts to act as Vocational Technical Advisory Committees to each of the Vocational Programs as well as to each of programs developed with state or federal funding.

Vocational Advisory Committees are intended to serve a vital function in the planning, operation, and evaluation of vocational education programs. The advisory committee members have a close involvement with the administration, staff, and students which help to keep all vocational programs current with the training required by industry at the present time.

"Jobs for the 90's" is an agenda that advisors need to assist our staff to implement as technology is changing so rapidly in the employment areas. The advisors assist all of us in preparing students for new-generation skill acquisition. The job of today may be gone tomorrow and students have to be prepared to cope with these changing patterns of employment needs.

Students gain by the cooperation and sharing between our vocational staff and the business and industrial leaders to keep our programs in tune with the requirements of the "90's."

Advisory Committees make significant contributions to the quality of the vocational education programs at Attleboro High School.

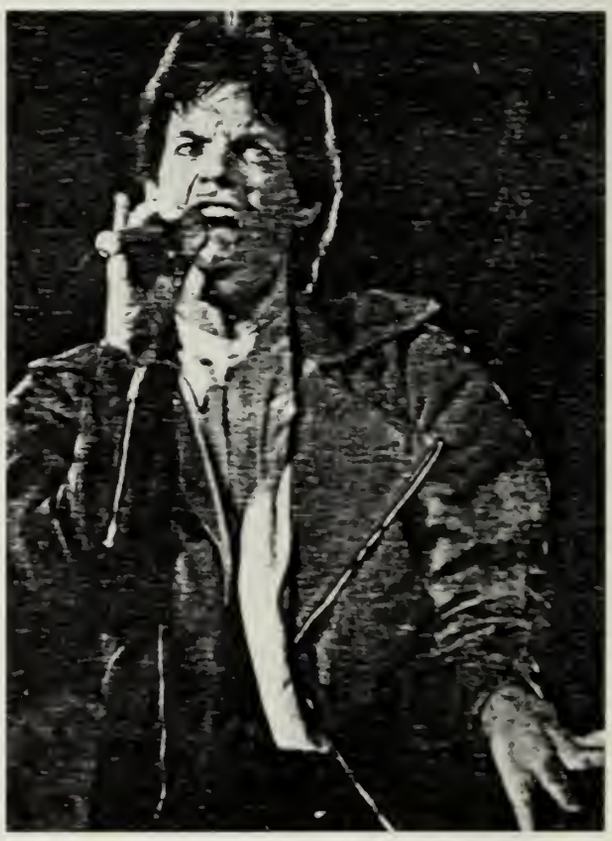
Remembering '89

George Bush became the 41st President of the United States.

The results of Hurricane Hugo.

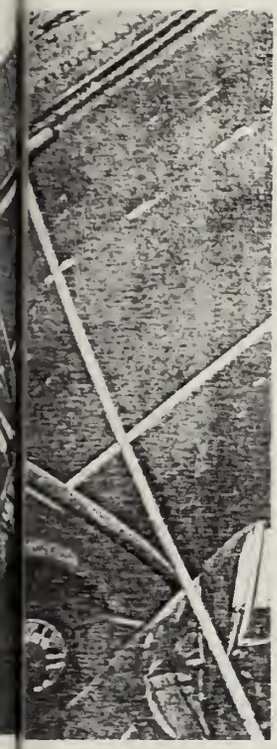
Mikhail Gorbachev ended his amazing year of statecraft by reversing seven decades of Soviet dogma.



Mick Jagger and the Rolling Stones got rolling once again on a 36 city, $70 million tour — the band's first in nearly 10 years.

Cincinnati Reds Manager Pete Rose bet on his own team, thereby ending his career in baseball.

After a six-week trial on 24 counts of fraud and conspiracy, Jim Bakker went to jail.



The Berlin Wall comes tumbling down.

The weather was stormy, diplomacy was calm, when Bush and Gorbachev met off Malta in December.

Oliver North had his say in court after almost a year of pre-trial jockeying during which the most serious of the Iran-Contra charges were dropped.

STUDENTS WITH THEIR NAME ONLY DID NOT SUBMIT A YEARBOOK ACTIVITY CARD BEFORE THE DEADLINE.

Editors 1990

Where it all comes together

To the Class of 1990:

As our book is now completed so are our four years at A.H.S. We hope that Tattletale 1990 will serve as a memoriam for the times we have shared together. We feel by carrying out the 80's and bringing the 90's that we are the "New Sensation."

The production of this year's Tattletale would have been impossible without our Taylor Representative Conrad Schmidt and our photographer Gary Melino. We appreciate the long hours that Senior Jason Cronin put into designing this year's original cover.

Lastly and most of all we would like to thank our advisor Jim Burbank. His knowledge, creativity, and sense of humor helped us deal with the many stressful times during the year.

Mr. Burbank — To assist you in the completion of next year's yearbook, we leave you a cross pen, a weekly planner, and a positive identification to an unforgettable picture.
